JAZZ IN THE GARDEN FUND RAISER

Our Jazz in the Garden evening was a wonderful success. The magical evening started with tours of Phillis Warden's stunningly beautiful garden rooms covering seven lush acres. In the converted barn and on the patio, we enjoyed the terrific music of world-class jazz singer Glenda Davenport with Hiroshi Yamazaki on piano and Ryan Berg on bass. Delicious food and luscious wines were enjoyed as bids were made for the items in our successful silent auction. No one wanted it to end.

Thank you to the many generous businesses & individuals that donated to *Jazz in the Garden!*
